

SIMMONS & WHITE

CIVIL & TRAFFIC ENGINEERING

Mr. Gibson has 2 years of land development and traffic experience all in West Palm Beach with the firm Simmons & White, Inc. As a Project Engineer, his experience includes all aspects of land development, civil, and traffic engineering projects for both public and private clients.

His areas of expertise include: Preparation of site feasibility reports, conceptual engineering plans for the concurrency, rezoning and site plan approval process, providing assistance during the platting process, the preparation of paving, grading, drainage, water distribution and wastewater collection plans, calculations, specifications and permit applications, assistance during the bidding process including preparing contract documents, services during construction necessary to certify work to governing agencies upon completion for projects, signing and pavement marking, plans, traffic impact studies, land use plan amendment studies, parking and shared parking analysis, traffic calming, and capacity analysis. Mr. Gibson has worked on projects from inception through completion, working with all involved parties – clients, regulatory agencies, subconsultants and construction contractors.
