

SIMMONS & WHITE

CIVIL & TRAFFIC ENGINEERING

Mr. Buri has 21 years of civil engineering experience with the firm Simmons & White, Inc. As a Project Manager, his extensive experience includes all aspects of land development and civil engineering projects for both public and private clients.

His areas of expertise include: Preparation of site feasibility reports, conceptual engineering plans for the concurrency, rezoning and site plan approval process, providing assistance during the platting process and the preparation of paving, grading, drainage, water distribution and wastewater collection plans, water, sanitary sewer and drainage system calculations, specifications and permit applications, assistance during the bidding process including preparing contract documents, services during construction necessary to certify work to owner and governing agencies upon completion for projects. Mr. Buri has managed many projects from inception through completion, working with all involved parties – clients, elected officials, regulatory agencies, attorneys, funding agencies, subconsultants, construction contractors and the public.
