

SIMMONS & WHITE

CIVIL & TRAFFIC ENGINEERING

Mr. Rowe has 28 years of civil engineering experience, with 27 years in West Palm Beach with the firm Simmons & White, Inc. As a Vice President of the firm, he is responsible for our Quality Assurance/Quality Control program. His extensive experience includes all aspects of land development and civil engineering projects for both public and private clients.

His areas of expertise include: Preparation of site feasibility reports, conceptual engineering plans for the concurrency, rezoning and site plan approval process to providing assistance during the platting process and the preparation of paving, grading, drainage, water distribution and wastewater collection plans, calculations, specifications and permit applications, assistance during the bidding process including preparing contract documents, services during construction necessary to certify work to owner and governing agencies upon completion for projects. Mr. Rowe has managed and supervised many projects from inception through completion, working with all involved parties – clients, elected officials, regulatory agencies, attorneys, funding agencies, subconsultants, construction contractors and the public.
