

# **SIMMONS & WHITE**

CIVIL & TRAFFIC ENGINEERING

Mr. Buondelmonte is an experienced engineer providing 10 years of design and construction administration services on a variety of civil and environmental projects. His extensive experience includes all aspects of land development and civil engineering projects for both public and private clients.

His areas of expertise include: Preparation of site feasibility reports, conceptual engineering plans for the concurrency, rezoning and site plan approval process, providing assistance during the platting process, the preparation of paving, grading, drainage, water distribution and wastewater collection plans, calculations, specifications and permit applications, assistance during the bidding process including preparing contract documents, and services during construction necessary to certify work to owner and governing agencies upon completion for projects. Mr. Buondelmonte has worked on many projects from inception through completion, working with all involved parties – clients, elected officials, regulatory agencies, attorneys, funding agencies, subconsultants, construction contractors and the public.
