 **SIMMONS
& WHITE**
CIVIL & TRAFFIC ENGINEERING

Mr. Rennebaum has over 41 years of civil and traffic engineering experience, with 37 years in West Palm Beach with the firm Simmons & White, Inc. As Past President of the firm, his extensive experience includes all aspects of land development, civil engineering, traffic engineering and transportation planning projects for both public and private clients.

His areas of expertise include: Traffic concurrency studies, land use plan amendment studies, comprehensive plan civil and transportation element revisions, intersection studies, signal design, internal circulation studies, parking analyses, traffic improvements, traffic calming, capacity analysis, preparation of comprehensive land development plans including surface water treatment, water resources, water distribution, wastewater collection, stormwater management and roadway design, coordination of platting, surveying and services during construction. Mr. Rennebaum has managed many projects from inception through completion, working with all involved parties – clients, elected officials, regulatory agencies, attorneys, funding agencies, sub-consultants, construction contractors and the public.
